Payment in full is due at time of service.

Due to the nature of scheduling in my psychotherapy practice, I charge the full fee for missed appointments or any appointment changed or canceled with less than 24 hours notice.

I do not take insurance; however, some insurance plans will reimburse a portion of the fee. If you have a preferred provider plan (PPO) or other non-managed care plan, you may have “out-of-network” benefits. This generally means that you have the option to work with a clinician who is an “out-of-network” provider, and that your company will reimburse you for a certain percentage of my fee.

Although you would be responsible for paying me directly, you would have the option to submit an insurance claim form and have benefits sent directly to you.
